THE WEDDING VENUE

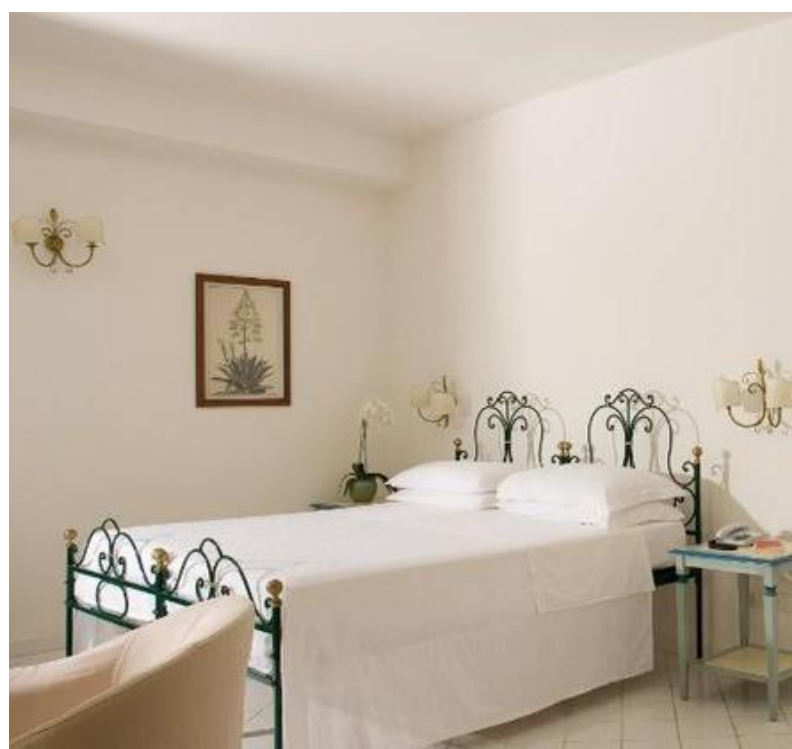

(email fede@europewedding.it to reserve)

The Wedding Venue is a historic seaside residence with a delightful private sandy beach, located south of the Amalfi Coast, in a pristine corner in the heart of Magna Grecia, a land of culture and beauty, less than two hours from the International Airport of Naples. Arriving here, passing the gate and the entrance arch, you enter a place full of atmosphere: the magic begins in the inner courtyard, overflowing with bougainvillea, climbing roses and mauve geraniums, where the scent of roses and honeysuckle joins the whisper of the waves of the sea. The intoxicating effect of sea and nature creates a new energy that is immediately perceptible, and so also anxieties and worries slowly recede leaving space for pleasure and relaxation. At the residence, history, privacy, nature, tranquility, comfort and elegance come together "in a special space", where the atmosphere and the spirit of a beautiful private house are jealously guarded.

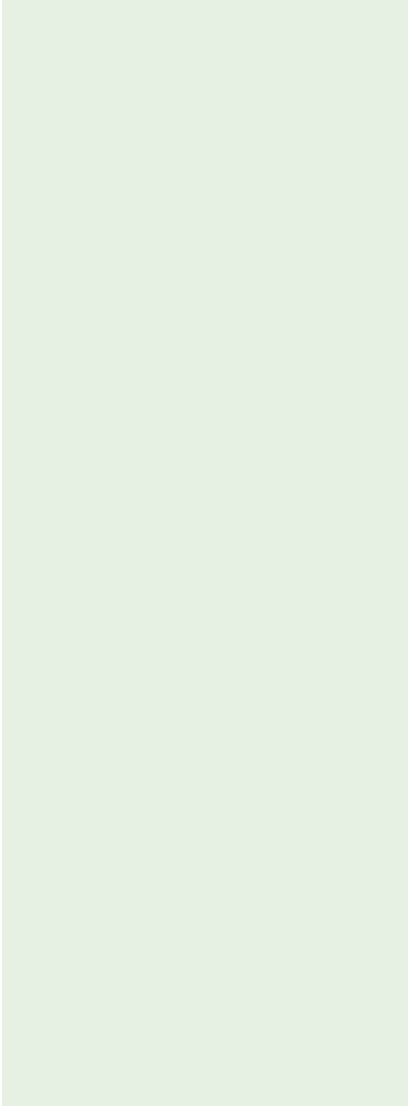

Guest privacy is paramount, the massive walls of the Park guarantee privacy and tranquility. Here everything is natural, this is the ideal place for those who love beauty, pursue it and want to surround themselves with it, because those who love beauty have the right to special nourishment. "In a unique position on the sea, the palazzo is one of the best preserved secrets del Mediterraneo" "The best "atmosphere of a private home".

A path through the 5 acres of the Palazzo's gardens where steps lead down to the 24 meter fresh-water pool surrounded by bougainvillea, fragrant honey-suckle and jasmine. The pool has wide steps for easy and safe access, and a broad shallow area. Comfortable teak sun-beds with umbrellas are ready, with changing rooms and showers close at hand. Light lunches and drinks can be taken at the pool-side Bar.

Delightfully isolated from the road thanks to its high walls, surrounded by ancient trees that form an additional screen with curious looks, the majestic Venue is a fundamental part of Castellabate, a typical village of Cilento. A small side door next to the imposing entrance gate allows guests of the Palazzo to reach the nearby marina and the center of Santa Maria di Castellabate on foot. The uncontaminated medieval town of Castellabate in an elevated position compared to the village of Santa Maria, offers a spectacular view of the Amalfi and Cilento Coast.
